

SASP 2026

Anniversary Conference

50 years of Pain Science Networking in the Nordic Countries

Pain and the Environment

PhD / Post doc course: May 20, 2026

Conference: May 21-22, 2026

Solstrand Spa Hotel, Bergen, Norway

The Scandinavian Association for the Study of Pain turns 50 years in 2026. On this occasion we celebrate by placing pain in context, addressing the historical, social, psychological, physical and biological environments of chronic pain, pain mechanisms and pain research.

The conference will be held at Solstrand Spa in western Norway, with room and full board included. It is an intimate venue facilitating discussions and networking for two full days.

Solstrand Spa has 134 rooms and reservations will be on a first come first serve basis. The hotel has an excellent cuisine and beautiful surroundings. For more information see: <https://solstrand.com/en/>

The PhD course will be held the day before the conference in Bergen city(venue to be announced).

Further program announcements will follow.
